Sustainable Organizational Investment

Co-funded by the European Union

SOI

PROJECT FOCUS

The **Organizational Sustainable Investment (SOI)** project focuses on promoting sustainable practices within grassroots organizations, aligning them with the European Union's sustainability policies, especially the European Commission's **Corporate Sustainability Reporting Directive (CSRD)**. While grassroots organizations are not legally bound by the CSRD, they are encouraged to adopt transparent and responsible sustainability practices. This project will help these organizations plan, execute, and communicate their sustainability efforts, preparing them for future compliance and contributing to a greener, more sustainable society.

EXPECTED RESULTS

1. **Strategic Digital Guide for Organizational Sustainability:** A digital resource to guide organizations in aligning their sustainability practices with EU policies and the CSRD.

2. **Digital Operational Manual for Organizational Sustainability**: A practical manual to assist organizations in planning, executing, and reporting their sustainability activities.

3. **Digital Communication Manual on Organizational Sustainability**: A guide to help organizations effectively communicate their sustainability strategies and results to stakeholders.

4. **Digital Open Educational (DOER)**: Tools and training materials to enhance the capacity of leaders and staff in integrating sustainability into their daily operations.

WHO IS IT FOR

The *SOI* project is aimed at:

- Local organizations and Grassroot Organizations;
- Leaders, directors, and staff of grassroots organizations;
- Trainers, mentors, and adult educators working in various sectors;
- Stakeholders such employment agencies, training organizations, and public policy bodies.

Sustainable Organizational Investment - SOI

MAIN OBJECTIVES

1. **Enhance Strategic Awareness**: Increase understanding of the European Union's environmental and sustainability policies, with particular focus on the implications of the CSRD for organizations.
2. **Empower Local Organizations**: Assist organizations in strategically planning, executing, and reporting on sustainability efforts in alignment with EU policies.
3. **Improve Communication on Sustainability**: Enable organizations to effectively communicate their sustainability actions and outcomes, ensuring transparency and accountability in line with the principles of the CSRD.
