ABOUT THE PROJECT

Organizational Sustainable Investment (SOI) PROJECT N°: 2024-1-IT02-KA210-ADU-000249310 is an Erasmus+ project focuses on promoting sustainable practices within grassroots organizations, aligning them with the European Union's sustainability policies, especially the European Commission's Corporate Sustainability Reporting Directive (CSRD). This project will help these organizations plan, execute, and communicate their sustainability efforts, preparing them for future compliance and contributing to a greener, more sustainable society.

Project Result n. 2

Project Partners are now working on the second project results, which is the **Digital Operational Manual for Organizational Sustainability**

Project Result n. 1

The first Project Result **"Strategic Digital Guide for Organizational Sustainability"** is now available in English, Italian, Portuguese and Spanish on project website .

Read and download it for free

<https://www.soiproject.eu/#activity>

It will be created taking into account two essential topics:

- **Annual Sustainability Plan**
- **Non-financial Sustainability Report**

Each section of the manual will be enriched by QR Codes linked to the various subtopics, by connecting to which it will be possible to view other content relevant to each topic in question, such as audio, graphics, etc

*Welcome to
SOI Project*

2nd TPM in Porto

On **16 and 17 October 2025**, SOI project partners Studio Risorse Srl and Magna DEA were hosted in Porto by their partner Inovaid for the **second face-to-face meeting**.

During these two days in Portugal, the details of the second project outcome, the **Digital Operating Manual for Organisational Sustainability**, were finalised. It will soon be available free of charge in English, Italian, Portuguese and Spanish.

During the meeting, the steps for the next activities to be carried out were also defined and the state of the art of the **Project Management, Communication, Dissemination and Quality Management** activities was verified.

The project activities are proceeding swiftly, in accordance with the application form. The new results will soon be ready and available to the European community.
