## ABOUT THE PROJECT

Organizational Sustainable Investment (SOI) PROJECT N°: 2024-1-IT02-KA210-ADU-000249310 is an Erasmus+ project focuses on promoting sustainable practices within grassroots organizations, aligning them with the European Union's sustainability policies, especially the European Commission's Corporate Sustainability Reporting Directive (CSRD). This project will help these organizations plan, execute, and communicate their sustainability efforts, preparing them for future compliance and contributing to a greener, more sustainable society.

## Project Result n. 2

The second Project Result **“Digital Operational Manual for Organizational Sustainability”** is now available in English, Italian, Portuguese and Spanish on project website.

It's a “tool for action” capable of making operational the themes addressed in the Guide resulting from the previous activity, thus translating the concepts of sustainability into concrete actions/procedures to be implemented within the local micro-organizations and in particular within the partner organizations.

## Project Result n. 3

The third Project Result **“Development of the Digital Organizational Sustainability Communication Manual”** is now available in English, Italian, Portuguese and Spanish on project website.

It reflects the knowledge of how to build a Plan, how to communicate the results of organizational sustainability

## Project result n. 4

Partners are now working on **Activity 7 Development of Open Digital Educational Resources and implementation of online training events.**

The activity consists in the development of **training content** related to the themes and final results of the 3 previous activities, to be transferred to the target groups in an online environment, through the development of specific Digital Open Educational Resources (DOER).

Main Results of this activity (Project results n. 4) will be:

- **Digital Open Educational Resources (DOER)** whose training contents relate to the themes and final results of the three previous activities, to be transferred to learners in an online environment
- **Online training events** of the developed resources, through the realization by each partner of two training events: **Pilot Online Training Event and Official Online Training Event.**
